Organisational announcement

Prof. Dr. Hans Gut - new CEO of Güdel Group

Hans Gut – broad education and experience in management

Having completed a careful and comprehensive evaluation process, the Board of Directors of Güdel Group AG has appointed Hans Gut as the new CEO of Güdel Group. He will commence the position from September 1, 2019. "We are very pleased to have appointed Hans Gut as CEO given his experience in management and outstanding expert knowledge" – says Gwendolin Güdel, President of the Board of Directors.

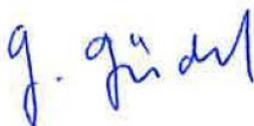

Hans Gut was appointed CEO of MAN Energy Solutions Switzerland in Zürich in 2014. He was responsible for the management and value chain of MAN's oil and gas business at various locations in Germany, Switzerland and China between 2010 and 2015. The 56-year-old completed his doctorate at the Fraunhofer Institute in Stuttgart and joined the former Sulzer Turbo as Head of Materials Technology in 1993. Hans Gut has an MAS in Business Management and was appointed as a professor by Zurich University of Applied Sciences in 2008.

Hans Gut is married and a father of two children. He lives in the canton of Aargau (Switzerland).

Board of Directors thanks Martin Müller for his valuable work for Güdel Group AG

Martin Müller took over the management of Güdel Group on a preliminary basis in April 2018. "We are very grateful to Martin Müller for his outstanding commitment and ground-breaking work on behalf of the Güdel Group" – emphasised Gwendolin Güdel, President of the Board of Directors. Martin Müller will retire as per the end of July. He held various positions at Güdel Group during a 15-year period. During this time, he developed the hugely successful metal sheet handling business area and coordinated the growth strategy for the Asian regions.
